Ideal for Growing Mangoes in Containers

These small mango trees are perfect for patios, balconies, or small yards. They thrive in containers and produce delicious fruit even in limited space.

Prune for More Fruit!

- Keep in 15–25 gallon pot
- Prune branches often
- Trim roots every few years
- Small tree = Big harvest!

Mango Success Tips

- **Full Sun** – At least 6–8 hours of direct sun
- **Water, Then Let Dry** Deep soak, dry out, repeat
- **Controlled Watering**
- **Fertilize Properly**

Growing your own tropical mangoes is easier than you think!
